CAPT is rolling out the red carpet to honour members and supporters after a long hiatus apart! It is a reunion of sorts where colleagues will reunite and new members will gather to meet with new friends.

The intention is to offer this opportunity in this amazing retreat and the natural setting of Niagara Falls, ON to celebrate the future of Play Therapy in Canada! It is also a time to reunite with colleagues from across the country who are unable to make the trip to Niagara Falls. The theme of the conference is **Grief and Loss: Life Transitions**.

We are excited to be providing a different opportunity for our members this year, an opportunity to engage with experts in the field of Loss and Grief as it relates to working with Children and Families. We know members have experienced loss both professionally and personally, and we hope that by providing an opportunity to explore these subjects together, we will gain new insights and techniques that we can apply in the Playroom and beyond. As this work is so important, we have adapted our conference program to reflect the value of having a strong knowledge foundation in Grief and Loss as integral to integrative Play Therapy practice.
