

January 11th 2024

Good Afternoon,

It has recently come to our attention that phishing emails are being circulated, purportedly sent by our Executive Director Scott Kettles. These emails are specifically targeting Certified members listed in our [directory](#).

We have verified with our web and email hosting service that all email communications from [canadianplaytherapy.com](#) and [captraining.com](#) remain secure.

To enhance your email security, we recommend the following precautions:

1. **Verify Sender's Email Address:** Always check the email address (from) before opening any emails, especially those claiming to be from Scott Kettles. All emails from our Executive Director Scott will be from a @canadianplaytherapy.com email address. If not from that email extension, do not reply to the email.
2. **Understanding Phishing:** Phishing is a fraudulent attempt to obtain sensitive information, such as usernames, passwords, and credit card details, by disguising as a trustworthy entity in electronic communication. Be cautious of any unsolicited emails requesting personal information.
3. **What to Look For:** Phishing emails often contain subtle clues, such as generic greetings, spelling errors, or urgent requests for sensitive

information. If an email seems suspicious, verify its legitimacy before taking any action.

Should you have any concerns or require further assistance, please do not hesitate to contact us at [admin@canadianplaytherapy.com](mailto:admin@canadianplaytherapy.com)

I am adding below a sample of the email to assist you in what to watch for.

Thank you for your understanding and assistance.

Sincerely,

Scott Kettles
