

International Consortium of
PLAY THERAPY ASSOCIATIONS

Integrity • Quality

Greetings Fellow Play Therapist,

The **International Consortium of Play Therapy Associations (IC-PTA)** is reaching out to you to join with us to help us realize our mission to promote the value, integrity, and quality of Play Therapy practice throughout the world. A major challenge to achieving our goal to reach play therapists and child mental health professionals in every country is the **need for costly oral and written multilingual translation**. Translation is critical to engage in meaningful international collaboration and help us promote the development of national non-profit associations, quality training and credentialing standards in all countries.

There are two avenues to financially supporting IC-PTA's mission and goals: through **membership** and **donation**. Both avenues directly support the global development of quality play therapy and collaboration among play therapists worldwide.

Please click on links below to learn more about how your membership fees or donation will help.

- [Become a Member | IC-PTA](#)
- [Become a Patron/Friend of IC-PTA](#) **NO DONATION IS TOO SMALL!**

IC-PTA's overarching goal is to **provide children in every country access to quality Play Therapy services** to increase their opportunity to reach their potential. Unfortunately, Play Therapy is not available in many countries, or when it is, often, there is minimal or no opportunity for Play Therapy education/training and no regulated requirements for practice.

We realize that IC-PTA has undertaken an enormous task, and **we need your voice and your support to achieve our objectives**. Together, we can make a difference in the lives of children who otherwise might not receive the help they need to thrive.

We sincerely hope that you will consider joining with IC-PTA to promote the value, integrity, and quality of Play Therapy practice globally. Please forward this email to like-minded colleagues.
